Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.
RANGE ROVER VELAR

Range Rover Velar is a revolutionary member of the Range Rover family, sitting between Range Rover Evoque and Range Rover Sport. Taking glamour, modernity and elegance to an exceptional new level, it combines an emotionally charged DNA and unquestionable design pedigree.

THE WORLD OF LAND ROVER 60

YOUR PEACE OF MIND 65

Search ‘Range Rover Velar’ to see the vehicle in action.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent). Vehicles shown are from the Land Rover global range. Specifications, options and availability will vary between markets and should be verified with your nearest Land Rover Retailer.
THE RANGE ROVER THAT CHANGES EVERYTHING

“Range Rover Velar’s interior is a calm sanctuary, created through elegant simplicity and a visually reductive approach, with design enabled technologies like the Touch Pro Duo infotainment system. All-LED lights and deployable flush door handles on the exterior complete a truly compelling design and, of course, it’s a Land Rover with unrivalled capability in all conditions. Introducing Range Rover Velar: the avant-garde Range Rover.”

Gerry McGovern
Land Rover Chief Design Officer

COMPELLING DESIGN

Range Rover Velar’s design is revolutionary. Its elegant sides and exemplary range of standard features such as flush deployable door handles and integrated rear spoiler all improve aerodynamic efficiency, while the foil-stamped grille gives the vehicle’s front profile an undeniable presence. Sleek LED headlights and rear lights are also standard. See pages 8 and 34 for details.

INTELLIGENT VERSATILITY

To make your journey even more comfortable, Range Rover Velar provides 970 mm head clearance and 43 mm knee clearance for occupants, along with exemplary loadspace of 558 l. The powered gesture tailgate allows simple loading with hands-free access. See page 36 for details.

DISTINCTIVE INTERIOR AMBIENCE

The Range Rover Velar’s cabin minimises wind and road noise through the use of aerodynamic undertrays and acoustically laminated front glazing. Rear passengers can benefit from reclining rear seats and Four-zone Climate Control. See page 11 for details.

DESIGN-ENABLED TECHNOLOGIES

The standard Touch Pro Duo infotainment system makes life more connected and entertaining. The system seamlessly integrates two 25.4 cm (10) high-definition Touchscreens to enable you to make a phone call on one screen while navigating on the other. Touch Pro Duo is complemented by Interactive Driver Display, with configurable touch steering wheel controls. See page 21 for details.

Features and their availability may differ by vehicle specification and market. For full feature and option availability please refer to the accompanying Specification Sheet or visit your local Land Rover Retailer.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).

Please refer to the accompanying Technical Specification for full details on Driveline and Engine Performance.
OUTSTANDING CRAFTSMANSHIP AND MATERIALS
A specialist team has meticulously developed every component that you see and touch, to deliver a refined, tactile experience. See page 11 for details.

REFINED EFFICIENT POWER
A 4-cylinder Ingenium engine deliver efficient, refined and responsive driving. See page 12 for details.

SPORTS COMMAND DRIVING POSITION
Range Rover Velar’s Sports Command Driving Position helps deliver a more confident, engaged drive. The elevated position gives you unrivalled views, adding to the feeling of safety and security. See pages 11 and 32 for details.

CAPABILITY IN ALL CONDITIONS
Range Rover Velar has world-renowned Land Rover capability at its core. Standard features include All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD), and Torque Vectoring by Braking (TVBB) to deliver a connected drive. Adding to driver confidence off road, features include All Terrain Progress Control (ATPC) and Terrain Response 2. See pages 14 to 19 for details.
Sophisticated. Intelligent. Advanced. Refined power and effortless elegance combine with exquisite effect in this outstanding example of contemporary automotive design. Range Rover Velar is beautifully balanced, with optimised proportions. Its proud Range Rover lineage is instantly recognisable, from the formal, powerful volumes of the front end, through a flowing, continuous waistline, culminating in a taut and elegantly tapered rear.

The sleek volumes of the lower body, with its flawlessly integrated flush deployable door handles, bear witness to our obsession with the finest detail. At the rear, the vehicle’s design is distinguished by quad tail light signature elements within a full-width graphic incorporating the iconic Range Rover script, seamlessly harmonising the vehicle’s lines to stunning effect. Search ‘Range Rover Velar Design’ for full details.
CELEBRATION OF INTERIOR DESIGN

Range Rover Velar’s cabin exudes elegant simplicity. The familiar Range Rover interior design architecture, with its strong, elegant horizontal lines, blends seamlessly with innovative features to give a feeling of calm and enhance the driving experience.

Two seamlessly integrated 25.4 cm (10) Touchscreens and minimalist controls – fitted as standard – give easy control of the latest advanced technology. As the vehicle is started and comes to life, the revolutionary Touch Pro Duo technology reinforces the overall sense of luxury and innovation. Everything has been designed and crafted to help you and your passengers arrive relaxed. The twin sliding armrests, which operate independently, help maximise your individual comfort.

The elevated position of our renowned Sports Command Driving Position enables you to see further down the road and view your surroundings with greater clarity, so you stay in control no matter what the conditions or traffic.

Configurable Ambient Interior Lighting in a choice of 10 colours creates the right mood. Whilst the sliding panoramic roof floods the cabin with light, bringing the outside in.

Search ‘Range Rover Velar Design’ for full details.

Interior shown is R-Dynamic HSE with Light Oyster/Ebony interior in Windsor leather with sliding panoramic roof (market dependent).

Sliding panoramic roof
From power and sheer driving pleasure to refinement, the engine has been optimised for specific attributes to cater for all needs. Equipped with Stop/Start technology* and smart regenerative charging, this feature harvests kinetic energy from braking to charge the battery, especially during urban driving. Ingenium technology underpins the 4-cylinder engine in the Range Rover Velar. These low-friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance.

*Market dependant.
Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
8-SPEED AUTOMATIC TRANSMISSION

The petrol engine in Range Rover Velar is coupled with an 8-speed Automatic Transmission. With eight closely spaced ratios, the transmission ensures that you are always in the optimum gear, maximising fuel efficiency and acceleration. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style. Controls include steering wheel-mounted gearshift paddles, enabling you to take control of gear changes manually.
REFINED PERFORMANCE

Range Rover Velar’s drive is supremely confident, connected and effortlessly delivered thanks to a carefully engineered suite of technologies.

ALL WHEEL DRIVE WITH INTELLIGENT DRIVELINE DYNAMICS

Range Rover Velar’s All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) fitted as standard delivers both outstanding on-road performance and the full off-road capability expected of a Range Rover. Working together, AWD with IDD continually optimises the engine torque distribution to the front and rear wheels, to ensure maximum traction and fuel efficiency in all road and weather conditions.

Uniquely developed to meet Range Rover Velar’s requirements, the highly durable transfer box uses an electro-mechanically activated multi-plate wet clutch to deliver smooth and precise distribution to the front and rear wheels. This ensures the constant optimisation is imperceptible from the cabin and available engine torque is maximised to give efficient vehicle traction.

IDD determines the required distribution by continually monitoring the vehicle and its interaction with the road. Typically starting with a 50:50 distribution to ensure maximum controlled stability from the first vehicle movement, the system has the full capability of 100 percent rear bias to 100 percent front bias, should road conditions require it. Predictive, as well as reactive, the system helps prevent losing traction as well as working to regain it.

LOW-TRACTION CONDITIONS

On slippery surfaces, such as wet grass and snow, torque can be balanced between the front and rear wheels to maximise traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for optimum grip.

HIGH-TRACTION CONDITIONS

On smooth, dry surfaces, Range Rover Velar provides intelligent torque distribution to the rear wheels for the most efficient drive, as well as delivering precise agility and handling.

TORQUE VECTORING BY BRAKING

Torque Vectoring by Braking delivers controlled, responsive cornering by reducing near-limit understeer through controlled braking of the inside wheels.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
ADAPTIVE DYNAMICS

The Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. To do this, the system constantly analyses acceleration, steering, throttle and brake pedal activity. The electronically controlled dampers adjust to optimise the suspension settings and provide the optimum balance between comfort, refinement and agility at all times.

Search ‘Range Rover Velar capability’ for full details.
CAPABILITY IN ALL CONDITIONS

The first vehicle to combine luxury and refinement with world-renowned all-condition capability, Range Rover continues to be leading edge. Range Rover Velar offers new levels of style, whilst its unique Land Rover technologies and optimised geometry secure its position at the forefront of all-terrain capability.

Land Rover’s patented Hill Descent Control (HDC) is a standard feature. It assists the driver with controlled descents of difficult slopes. It does so by maintaining a constant speed and applying braking separately to each wheel. Hill Launch Assist, which also comes as standard, ensures the vehicle doesn’t roll backwards as it pulls away on an incline. The vehicle also utilises Gradient Release Control (GRC), which again comes as standard, and is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art system that enables you to set and maintain a steady speed in challenging conditions, such as slippery surfaces including: mud, wet grass, ice, snow and dirt roads. Operating like a cruise control system, it functions between 1.8 km/h and 30 km/h, enabling you to maintain full concentration on steering and finding a path through obstacles.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
TERRAIN RESPONSE 2 WITH DYNAMIC PROGRAM

Terrain Response 2 with Dynamic Program takes the capabilities of the award-winning system to a new level. This features an automatic setting which monitors the current driving conditions and systematically selects the most suitable terrain setting. You can manually override the system should you wish. This function works seamlessly through the Touch Pro Duo’s Control Panel (lower Touchscreen).

*Please reference page 14 for full explanation of All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) and Torque Vectoring by Braking.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.
Vehicles shown are R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 55.88 cm (22) Style 9007, 9 split-spoke wheels with Diamond Turned finish (market dependent).

INFOTAINMENT

Unique to Land Rover, the InControl infotainment system, Touch Pro Duo not only looks like no other, it performs like no other. Delivering a wealth of information and entertainment, it features the most intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

Search ‘Range Rover Velar Technology’ for full details.

TOUCH PRO DUO

The standard 25.4 cm (10) dual high-definition Touchscreens allow the user to view required information whilst simultaneously being able to interact with additional features, for increased flexibility and efficiency of use. For instance, you can use the navigation system in the upper screen whilst playing media on the lower screen. Direct access to cabin temperature controls are also available via the multi-function dynamic dials.

For a truly elegant and streamlined appearance, the steering wheel also has hidden-until-lit, touch-sensitive switches as standard. One of these switches is programmable, so that it can be personalised to your preferences to accomplish a host of functions.

INTERACTIVE DRIVER DISPLAY

Range Rover Velar ensures you’re always entertained, informed and connected. It features a 31.24 cm (12.3) high-definition Interactive Driver Display that can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity, and its refined processing engine delivers smooth-moving, pin-sharp graphics. Features can be accessed on either the Interactive Driver Display or the Touch Pro Duo Touchscreens.
A vehicle’s cabin is the ideal place within which to experience your personal choice of music, and Range Rover Velar has an audio system to bring your music to life:

Search ‘Range Rover Velar Technology’ for full details.

**MERIDIAN™ SOUND SYSTEM (380 W) (STANDARD)**

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 door-mounted speakers and a dual-channel subwoofer.

Image is representative of Meridian™ Surround Sound System.
MERIDIAN™
Formed in 1977 in Cambridgeshire, England, Land Rover’s audio partner Meridian has pioneered many firsts including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Range Rover Velar is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, pitch, and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

DIGITAL SIGNAL PROCESSING
Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION
The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of Range Rover Velar’s interior.

MERIDIAN DIGITAL DITHER SHAPING
To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD™
Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with the left and right, delivering a consistent, concert-like experience for all occupants.

CONNECTIVITY

InControl is Land Rover's suite of standard features that connects you to your vehicle and links you seamlessly, and securely, with the outside world.

Search 'Range Rover Velar Technology' for full details.
STANDARD FEATURES

VOICE RECOGNITION SYSTEM
Understands clear spoken instructions, so you can concentrate on the road ahead without any distractions.

REMOTE*
The Remote App provides upgraded information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- Remote Lock/Unlock – Lock or unlock your doors remotely with the click of a button. Simply press the ‘lock’ button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors and close the windows. Press the ‘unlock’ button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.
- Remote Climate – Prepare your Land Rover in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- Beep/Flash – This feature turns on your Land Rover’s hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle in a crowded car park.
- Journey Tracking – This opt-in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- Vehicle Status Check – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Land Rover Optimised Assistance – If you break down you can make a direct call to the Land Rover Assistance team by pressing the button on the overhead console, or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location. For peace of mind, this service is provided for the first 10 years from date of registration.

*Remote and Land Rover Optimised Service contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.
SMARTPHONE PACK

By screen sharing with Range Rover Velar’s InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimise distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

NAVIGATION PRO

Standard Navigation Pro allows you to save your favourite places, use pinch-to-zoom gestures for simple map exploration and can display a choice of either 2D or 3D crystal-clear map graphics.

4G Wi-Fi Hotspot, and Pro Services*, are designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

Pro Services include:

- Real-time Traffic Information – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.

- Online Search – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.

- Planning Routes and Door-to-Door Routing – Before setting off, use the optional Route Planner app or go online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen. Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.

*Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with suitable data contract. 4G Wi-Fi Hotspot, and Pro Services contain subscription services that can be extended after the initial term advised by your Land Rover Retailer.

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent - check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
- **Share ETA** - You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.

- **Satellite View** - There may be times when you want to get the context of your surroundings from overhead. With Connect Pro you can switch to satellite view with a single tap.

- **Commute Mode** - Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

- **Online Media** - Allows for the aggregation of numerous content providers and their personalised content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

- **Parking Service** - As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.

- **Online Routing** - While you’re on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.

- **Safety Cameras** - This feature tells you when you’re approaching a safety camera.
MAKING DRIVING EASIER

From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there’s a wealth of innovative technologies available. You’ll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

Search ‘Range Rover Velar Technology’ for full details.

STANDARD DRIVE FEATURE

Cruise Control with Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. The Speed Limiter will also allow the driver to preset a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back.

Driver Condition Monitor detects if you’re starting to feel drowsy and gives you an early warning when you need to take a break.

Features and their availability may differ by vehicle specification and market. Please refer to Specification Guide for details or contact your nearest Land Rover Retailer, for more information.
ENJOY STRESS-FREE PARKING

Range Rover Velar offers the most advanced technologies to deliver intuitive and easy parking solutions. Whether reversing, parallel parking or getting into or out of tight spaces, these features make life easier.

Search ‘Range Rover Velar Technology’ for full details.

STANDARD PARK FEATURE

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle’s speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

360º Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the vehicle are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

Rear Camera provides improved visibility when reversing. This valuable parking aid also helps when hitching a trailer. Static lines representing the vehicle’s outer perimeter and predicted path are superimposed on the rearward image, to make parking in tight spots as easy as possible.
EFFICIENT TECHNOLOGIES

SUSTAINABLE BY DESIGN
Land Rover are committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. Range Rover Velar’s development process has included a full life-cycle assessment and has been designed to be 85 percent recyclable/reusable and 95 percent recoverable at the end of the vehicle’s life.

Due to its advanced lightweight properties, Range Rover Velar’s body structure is 82 percent aluminium. Our innovative design incorporates up to 50 percent closed-loop recycled material from the manufacturing process of the body sheet, resulting in significant performance benefits and lower life cycle CO₂ emissions. The closed-loop supply chain reclaims scrap aluminium from the stamping process, segregates it and re-melts it into the same grade quality sheet, thereby reducing the need for primary aluminium production, whilst maintaining the highest quality.

ADVANCED AERODYNAMICS
The streamlined design of our latest vehicle has been carefully optimised to make Range Rover Velar the most aerodynamic Range Rover ever. A rear spoiler with two integrated slots to direct airflow over the tailgate minimises rear windscrean soiling and provides a reduction in drag of 0.32 CdA. The option of aerodynamically designed and engineered wheels can also help reduce drag by 5 percent.

ENGINE MANUFACTURING CENTRE
Jaguar Land Rover’s Engine Manufacturing Centre, where our engines are developed, has been built to the highest environmental standard (BREEAM Excellent) and features the largest rooftop solar panel installation in the UK. Comprising no fewer than 22 600 individual panels, which are capable of providing up to 6.2 MW (enough energy to power up to 1 600 homes), the panels generate more than 30 percent of the site’s energy, reducing the plant’s CO₂ footprint by over 2 400 tonnes per year.

Search ‘Range Rover Velar Sustainability’ for full details.
SAFE AND SECURE

Designed for optimum safety, Range Rover Velar has been engineered to include a wealth of standard features, not only to protect you and your passengers, but to actively help prevent accidents from happening.

Range Rover Velar’s elevated Sports Command Driving Position provides enhanced visibility in all conditions. You can see more of the road and be easily seen by other road users; providing an enhanced feeling of safety and confidence.

Legendary sure-footed All Wheel Drive (AWD) with Intelligent Driveline Dynamic (IDD) capability, as standard, helps you stay firmly planted on the road, whatever the weather or environment throws at you.

The safety of Range Rover Velar is further enhanced by the latest technologies included as standard:

- **Dynamic Stability Control (DSC)** monitors Range Rover Velar’s dynamic behaviour, intervening to maximise vehicle stability. DSC reduces engine torque and applies braking to the appropriate wheels to correct the vehicle’s direction of travel, by counteracting understeer or oversteer.
- **Anti-lock Braking System (ABS)** allows the vehicle to maintain traction with the road surface whilst braking and prevents wheels from locking – thereby retaining the vehicle’s ability to steer. The system helps to shorten the braking distance.
- **Electronic Brake-force Distribution (EBD)** automatically varies the braking force to each axle in order to minimise stopping distance, while still maintaining stability and the vehicle’s ability to steer.
Electronic Traction Control (ETC) optimises traction and stability by controlling wheel spin. The ETC system reduces torque to the spinning wheel, then applies braking to the wheel, if required.

Cornering Brake Control (CBC) automatically varies the braking force to each wheel when the vehicle’s brakes are applied around a corner and the limit of grip is reached. The system will prevent the vehicle’s wheels from locking up and skidding in this event, through varying the braking force applied to each wheel.

Roll Stability Control (RSC) is integrated with DSC to reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to reduce forces which contribute to rollover.

Emergency Brake Assist understands when you apply the brakes quickly but without the necessary force to maximise stopping performance. It therefore boosts the brake pressure through the ABS pump to ensure you stop in time.

To help reduce the risk of a collision, the Emergency Stop Signal system automatically activates the hazard warning lights during emergency braking.

To improve safety even further, two ISOFIX points for baby/child seat restraints are fitted on each side of the rear seats, and a comprehensive system of six airbags including driver, passenger, side curtain and thorax airbags are standard to protect you.

For information on active safety features please refer to Driver Assistance pages 28 to 29.

Search ‘Range Rover Velar Safety’ for full details.
BRIGHTER LIGHTS, SAFER NIGHT-TIME DRIVING

The Range Rover Velar features all-round exterior LED lighting as standard. LED lights are designed to last the lifetime of the vehicle and are more fuel efficient as they use less energy. The quality of light produced is closer to daylight conditions, so driving at night becomes less tiring, and rear fog lights help ensure the vehicle is visible in all conditions.

Driving at night or in poor visibility is made easier by Auto High Beam Assist (AHBA) which detects lights ahead and automatically dips the main beam for oncoming traffic. Search ‘Range Rover Velar Safety’ for full details.

PREMIUM LED HEADLIGHTS WITH SIGNATURE DRL
Range Rover Velar provides optimum use of space, with occupants enjoying the highest levels of comfort and stowage.

Exceptional 970 mm head clearance and 43 mm knee clearance in the second row enables passengers to stretch out and relax. An electric recline function is also available for the rear seats, offering occupants in the second row additional comfort.

Four-zone Climate Control helps make life more comfortable for everyone, by adjusting temperature levels, direction and intensity of airflow.

The 40:20:40 second row seat configuration features a rear-seat pass-through for stowage of skis, an armrest, and for the greatest possible storage space, the entire row can be folded. Rear seat remote release levers are located in the luggage compartment and, when released, mechanically fold all the seats down. Even when you’re heading off on an extended road trip, you don’t have to compromise on space. With a maximum loadspace of 558 l, you can carry several suitcases or other bulky items with ease.

RANGE ROVER VELAR OFFERS AN EXCLUSIVE RANGE OF CHOICES THAT ALLOW YOU TO PERSONALISE YOUR VEHICLE.

The following pages take you through a logical series of steps to personalise your Range Rover Velar. You have a number of choices, from selecting your model and engine, to exterior and interior colours that make the vehicle your own.

You can start with our online configurator at landrover.in

STEP 1
EXPLORE YOUR MODEL
Take a look at the features available on Range Rover Velar R-Dynamic S.

STEP 2
YOUR ENGINE
Providing a powerful and refined driving experience.
STEP 3
EXPLORE YOUR SPECIFICATION PACK
Range Rover Velar has been enhanced further with a superbly designed and engineered specification pack.

STEP 4
CHOOSE YOUR EXTERIOR
There’s a wide range of paint colours to select from – each enable you to truly express yourself.

STEP 5
CHOOSE YOUR INTERIOR
Once you’ve taken a look at the seat style on offer, select your preferred colourway. Finished with impeccable detailing.

STEP 6
CHOOSE YOUR OPTIONS AND LAND ROVER GEAR
A range of accessories that your Retailer can fit is also available to select from.
EXPLORE YOUR MODEL

RANGE ROVER VELAR R-DYNAMIC S

This guide provides the standard features across Range Rover Velar R-Dynamic S. Range Rover Velar R-Dynamic S has a purposeful stance with Burnished Copper bumper accents, bonnet vents and side vents adding greatly to its sophisticated contemporary look and allure. The bonnet badge, tailgate script and grille are finished in Shadow Atlas whilst inside, the vehicle features Satin Chrome gearshift paddles and Bright metal pedals to enhance the sportier feel.

RANGE ROVER VELAR R-DYNAMIC S

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
STEP 1
EXPLORE YOUR MODEL

50.8 CM (20) STYLE 7014
7 SPLIT-SPOKE
GLOSS SPARKLE SILVER
PETROL ENGINE

P250
The Ingenium 2.0 4-cylinder 184 kW Turbocharged Petrol engine produces 365 Nm of torque and delivers outstanding fuel economy and driveability.

- The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine-pumping losses. This lets the engine 'breathe' with maximum efficiency, optimising power and torque.
- CVVL works in combination with dual independent variable cam timing for ultimate operating flexibility, resulting in excellent power and fuel economy across the rev range.
- For excellent acceleration and effortless overtaking, maximum torque is available between 1 500 - 4 000.
**EXPLORE YOUR SPECIFICATION PACK**

This guide will take you through the features included on your Range Rover Velar R-Dynamic S. If you want to personalise it further, you can select additional options from those featured on page 58.

CHOOSE YOUR EXTERIOR

YOUR ROOF

The sliding panoramic roof opens fully to let the outside in.

Body-coloured sliding panoramic roof (Standard)

Black contrast sliding panoramic roof (Optional)

*Black contrast roof not available with Narvik Black or Santorini Black exterior colour finishes. *Includes rear tow eye cover surround in Indus Silver. All vehicles shown are R-Dynamic HSE with options.
SELECT YOUR PAINT COLOUR

Now you have chosen your preferred roof style, you can select your exterior paint colour. From rich, deep lustres to smooth, crisp metallics, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep, flat colour. Our metallics deliver a sparkle finish that is sure to catch the eye. And our premium metallic paints further enhance the exterior form through the intensity of the liquid-like smoothness, giving your vehicle even more presence.

Fuji White (Solid)

Narvik Black (Solid)

Indus Silver (Metallic)

Eiger Grey (Metallic)
Santorini Black (Metallic)  
Firenze Red (Metallic)  
Byron Blue (Metallic)  
Yulong White (Metallic)  
Santorini Black (Metallic)

1 Black contrast roof not available with Narvik Black or Santorini Black exterior colour finishes.  
2 Includes rear tow eye cover surround in Indus Silver.  

All vehicles shown are R-Dynamic HSE with options.

SELECT YOUR OPTIONS AND YOUR LAND ROVER GEAR

A range of stylish, tough and practical accessories is available, bringing you the opportunity to personalise your Range Rover Velar even further. These accessories can be purchased through your Land Rover Retailer and added at any stage during the vehicle’s life - not just when it’s new. Naturally, Land Rover Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For our full range of accessories please search ‘Land Rover Accessories’ to view the online accessories catalogue.

Vehicle shown is R-Dynamic HSE in Silicon Silver with the following accessories: 55.88 cm (20) Style 1051, 10 spoke wheels in Satin Technical Grey with contrast Diamond Turned finish.

Cross bars (optional roof rails required, see page 59), deployable side steps, ski/snowboard holder and wheel mounted bike carrier.
TOURING

Cross bars
Elegantly designed roof rails (which are an option fit only) facilitate easy fitment of cross bars for roof carrying. Preset positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Maximum payload is 94 kg. Durable Bright finish aluminium cross bars, with T-track design which utilise the full length of the bars, provides space to mount multiple accessories. Aerodynamic profile minimises drag and wind noise. The incremental height when fitted is 93 mm.

Large sports roof box
Power-click, quick-mounting system with integrated torque indicator for easy and secure fixation with a single-handed grip. Opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Integrated base mat for extra secure loading. Load capacity eight skis/five-six snowboards, max length of skis 205 cm (80.7). Volume 430 l. Maximum payload 74 kg.

Centre armrest cooler/warmer box
Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

iPhone® Connect and Charge Dock
The iPhone connect and charge dock has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. When connected the iPhone media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The ‘cut-out’ design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Wireless Phone Charging Cup Holder
The Wireless Phone Charging Cup Holder has been designed to allow visibility of the phone whilst charging, utilising the cup holder space in the centre console. The holder will accommodate phones up to 73 mm wide securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

Click and Go Accessory System
The Click and Go range is a multi-purpose seat–back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags, and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

---

*Roof rails and cross bars are required for all Land Rover roof-mounted accessories. Objects placed above the roof-mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

*Maximum payload equals the load capacity of the roof-mounted accessory.

iPhone® is a trademark of Apple Inc., registered in the US and other countries.

SPORTING

**Tow Bar Mounted Bike Carrier**
Tow Bar Mounted Bike Carrier available for two or three bikes. A quick release design for ease of use and lockable for security. Maximum load capacity 51 kg (on the three Bike Carrier).

**Aqua sports carrier**
Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches/scuffs. Maximum load capacity 45 kg.

**Luggage carrier**
Flexible rack system to facilitate roof carrying. Maximum payload 61 kg.

**Wheel Mounted Bike Carrier**
Lockable bike carrier designed for holding a single bike up to 20 kg.

**Kayak carrier**
Carries two kayaks or canoes. Also suitable for transporting crafts such as surfboards or small boats. Includes lockable multi-purpose holder to carry paddles. Tilts to facilitate easy loading/unloading.

DESIGN

**Deployable side steps**
These smart, practical steps make it easier to get in and out of the vehicle. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed. The side steps are sensitive to obstructions and will not deploy in off-road or low-range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. The deployable side steps are compatible with front mudflaps and feature a stainless steel finish with laser etched Range Rover Velar branding.

**Sports rear spoiler**
Sleek and dynamic Carbon Fibre rear spoiler for Range Rover Velar.

**Carbon Fibre Mirror Covers**
Stunning high-grade Carbon Fibre Mirror Covers, with a High Gloss finish, provide a performance-inspired premium styling update.

**Carbon Fibre side vents**
High-grade Carbon Fibre side power vents with a High Gloss finish provide a performance-inspired styling upgrade.

**Personalised illuminated metal front treadplates**
Personalised illuminated treadplates allow you to choose a personalised message using an approved set of fonts/typefaces, which will be highlighted in white illumination when the front doors are open.

**Illuminated loadspace scuff plate**
Manufactured from stainless steel with a Bright finish, the rear loadspace treadplate finisher provides protection for the loadspace trim when loading or unloading, and provides a premium finish to the loadspace with subtle illumination.

**Gearshift paddles**
Complete the look and feel of your steering wheel with premium gearshift paddles. Gearshift paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium Red or aluminium finish.

**Luggage carrier**
Flexible rack system to facilitate roof carrying. Maximum payload 61 kg.

**Wheel Mounted Bike Carrier**
Lockable bike carrier designed for holding a single bike up to 20 kg.

**Kayak carrier**
Carries two kayaks or canoes. Also suitable for transporting crafts such as surfboards or small boats. Includes lockable multi-purpose holder to carry paddles. Tilts to facilitate easy loading/unloading.

---

1 Not compatible with full size spare wheel. 2 Heat shield is required for Tow Bar Mounted two and three Bike Carriers. 3 Roof rails and cross bars are required for all Land Rover roof-mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

4 Maximum payload equals the load capacity of the roof-mounted accessory.
OUTDOOR

Protective second row seat covers
Protects seats from wet, dirty clothes as well as general wear and tear. Simple to fit and easily wipeable. Includes headrest and armrest covers.

Full height luggage divider
Designed to prevent luggage from entering the passenger compartment. Manufactured in Black nylon coated steel, this full height luggage partition is easy to remove when not required. Complies with ECE-17 regulation.

Loadspace partition net
Designed to prevent luggage from entering the passenger compartment. The design of the loadspace partition net has been optimised to second row seating featuring tilt functionality.

Front and Rear Mudflaps
Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior styling.

Rubber mat set - Ebony
Rubber footwell mats for front and second row occupants help provide protection from general dirt. Branded and with bright accent Range Rover ingot and durable metal corner piece to the external edge.

Loadspace rubber mat
Land Rover branded waterproof rubber mat, with retaining lip, helps to protect the rear loadspace carpet from general dirt. This waterproof mat extension covers the back of the rear seats when they are folded down.

Loadspace Semi-rigid Liner Tray
Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

LIFESTYLE

Luxury Carpet Mats
Luxurious, tailored, deep pile 2 050 g/m² carpet mat set, with waterproof backing, provides a well-appointed finishing touch to the interior.

Loadspace retention kit
The loadspace retention kit consists of a pack of attachments that fix into the loadspace rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap with inertia reel and telescopic rod. Requires loadspace rails for fitment.

Luxury Loadspace Carpet Mat
Luxurious, tailored, deep pile 2 050 g/m² loadspace carpet mat, with waterproof backing, provides a well-appointed finishing touch to the interior.

Pet Loadspace Protection Pack
Designed to provide protection and easy cleaning of the loadspace from wet and muddy paws. Combines the quilted loadspace liner, full height luggage partition and Spill Resistant Pet Bowl.

Loadspace retention kit
Pet Transportation Pack
Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the foldable pet carrier, spill resistant water bowl and loadspace rubber mat.

Pet Care and Access Pack
Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, Pet Access Ramp and portable rinse system.

THE WORLD OF LAND ROVER

Your Land Rover has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can’t reach, in a style that cannot be matched. To celebrate the Land Rover lifestyle, we’ve put together a range of experiences, publications and the Land Rover Lifestyle Collection. There’s a world to explore. Get out there and enjoy it.

EXPERIENCE DRIVES

Bring out your adventurous side and experience Land Rover’s legendary capability for yourself. Under the expert guidance of a world-class instructor, head to the most exciting and challenging off-road terrains and take the vehicle to its limits.
landrover.com/experience

ADVENTURE TRAVEL

From the sheer exhilaration of the Arctic ice to the awe-inspiring dunes of Namibia, Land Rover Adventure Travel offers you once-in-a-lifetime experiences that bring the spirit and emotion of our vehicles to life.
landrover.com/adventure
This is a unique opportunity to step inside our state-of-the-art manufacturing facilities and see where the latest vehicles are born. Taking you behind the scenes, our expert tour guides will show you how Land Rover combines unrivalled craftsmanship with cutting-edge robotics. landrover.com/tours

Whether it’s class-leading luxury, thrilling performance or extreme all-terrain capability, Land Rover excels. Special Vehicle Operations takes this even further. Delivering the absolute pinnacle of Land Rover engineering and design, each vehicle combines peerless refinement with power and cutting-edge technology. Which is why the SV badge represents so much. landrover.com/svo
Our latest range of clothing and lifestyle accessories are crafted with the same design excellence and attention to detail as our vehicles. Inspired by our unique heritage, there is something for the whole family.

landrover.com/collection

Free twice a year for your first three years as a Land Rover owner, this award-winning magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventures, whilst keeping you up to date with the latest innovations, design and lifestyle choices.

landrover.com/onelife
Integrity. Courage. Pride. These are the values that Land Rover shares with its partners. Whether it’s the Invictus Games, Virgin Galactic, Rugby World Cup 2019™ or the British and Irish Lions, each one is driven by exceptional people. Those who push their capabilities to the very limits and champion the determination to go above and beyond.

landrover.com/partnerships

Since 1954, Land Rover is proud to have supported the incredible humanitarian work of the International Federation of Red Cross and Red Crescent Societies (IFRC). Through vehicles, funding and combined expertise, this ambitious global partnership has helped to transform the lives of over one million people, across four continents.

YOUR PEACE OF MIND

CUSTOMER SERVICE
When you bring your Land Rover to us, we use cutting-edge diagnostic equipment to assess all your vehicle’s mechanical and electronic systems. Our qualified Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and Gear accessories. A choice of service plans are available which, together with Roadside Assistance, ensures complete peace of mind.

For further details contact your local Land Rover Retailer or search ‘Land Rover Ownership’.

LAND ROVER ROADSIDE ASSISTANCE
Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident, to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or search ‘Land Rover Roadside Assistance’.

LAND ROVER FINANCIAL SERVICES
Getting the keys to your very own Land Rover has never been so simple. And it’s more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search ‘Land Rover Finance’.

FLEET & BUSINESS
Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

Search ‘Land Rover Fleet and Business’ for full details.
ENGINE

Designed for clean and efficient combustion and equipped with Stop/Start technology and smart regenerative charging.
